Articulation to BA Degrees with University of Canberra

PilatesITC Advanced Diploma course articulates through to Bachelor Degrees with the University of Canberra, including:

- BA Exercise Physiology and Rehabilitation
- BA Sports and Exercise Science
WHAT DO THE COURSES INVOLVE?

The delivery of the Diploma of Professional Pilates Instruction (10537NAT) the Certificate in Matwork Instruction, and Advanced Diploma of the Pilates Method (10538NAT) qualifications is through a combination of:

- directed distance learning (online and workbooks),
- off-the-job contact (face-to-face workshops and tutorials),
- on-the-job professional work experience (observation, training studio and real time), and
- self-directed learning (including self-study and self-mastery).

**Directed distance learning** means participants, no matter where they are located, can train by distance and gain their hands on skills and complete work experience hours through our Work Experience Facilitation (WEF) program.

**WORK EXPERIENCE FACILITATION (WEF) PROGRAM**

This program provides a real time work experience environment for practicing the application of the course work and for student support and mentoring. Students are either placed in an existing WEF site, or they have the opportunity to nominate a studio or site that suits their needs and have PilatesITC go through the approval process with that site.

For more information on our WEFS network and to find a WEF Site near you visit our WEFS centre at [http://www.pilatesitc.edu.au/about/work-experience-facilitation-sites/](http://www.pilatesitc.edu.au/about/work-experience-facilitation-sites/)

A standard course requirement, and one of the most important parts of undertaking a Pilates training course, these ‘on-the-job’ work experience hours offer you the opportunity to put into practice your learning in a professional environment.

PilatesITC knows how valuable these hours are for you, our students, and we take every possible step to place you in a work experience site that will suit you best – taking into consideration location, hours available, expertise of supervisors, and consistency with the learning you are undertaking.

If participants are in remote or regional areas, PilatesITC will work with them and put together a plan to help them gain the important teaching hours and become a Pilates teacher in their own area.

**TIME**

Time to complete each qualification is dependent upon the participant’s availability to commit to completion of the distance learning requirements and the work experience hours around other commitments.

Each participant must attend the scheduled contact days for their course, and meet distance learning requirements, but can schedule their Work Experience and Self-Directed Learning around their other commitments.

Each course has a time limit for completion with allowances for deferment or extensions in extenuating circumstances.
PilatesITC has led the way in accredited Pilates education since 2004

DIPLOMA OF PROFESSIONAL PILATES INSTRUCTION (10537NAT)

The Diploma of Professional Pilates Instruction is an entry-level qualification for the Pilates industry and is designed to reflect the role of those who can work autonomously within a defined range of practice, and under limited supervision. This course aims to develop Pilates Instructors who operate in a professional and specialised studio environment and work with apparently healthy and low risk client groups.

Functions within the Pilates industry for those who have the Diploma level of competency include:

- Inducting and assessing clients who are apparently healthy or requiring postural address/low risk rehabilitation.
- Preparing and instructing client sessions in a variety of contexts, including; Studio private or semi-private sessions; Studio group and matwork classes; Health centre/gymnasium group classes; Home visits and the corporate environment.
- Leading and instructing Pilates exercise for clients with postural needs.
- Instructing clients of a low risk (apparently healthy) nature including – General conditioning, Postural correction, Pregnancy, Ageing and Low risk referrals from Allied Health network.
- Contributing to Workplace Health and Safety requirements in the Pilates workplace.

WHAT ARE THE ENTRY REQUIREMENTS?

Minimum pre-requisites and requirements for entry into this course are:

- Attainment of HSC or equivalent

Recommended pre/co-learning:

- Anatomy & Physiology – PilatesITC online course, or equivalent

This course does not contain limitations on access and equity; however it reserves the right to refuse an application for course admission if there is reasonable evidence to suggest that the applicant is physically incapable of carrying out the normal requirements of Pilates training practice.

WHAT WILL I LEARN?

The Diploma of Professional Pilates Instruction (10537NAT) is a nationally endorsed and accredited program that will enable participants to develop the knowledge and skills required to competently instruct the Pilates Method of exercise in a professional or specialised studio environment. Participants completing the course will be able to:

- Develop, conduct and evaluate Pilates programs.
- Evaluate performance of individual clients or groups and apply teaching methods and instructional styles in a variety of Pilates settings.
- Undertake basic dynamic postural screening using applied biomechanics.
- Work in a variety of Pilates studios and health centres as a Pilates Instructor with different and specialised low risk (apparently healthy) clientele.

As a graduate of this Diploma of Professional Pilates Instruction you will enter the Pilates method specialist industry at entry level in a situation where you will work unsupervised with clients of a low risk nature, and you will have access to guidance of a more senior instructor. Successful graduation gives you immediate eligibility for level one full Membership as a Pilates Instructor with the Pilates Alliance Australasia. As a level one instructor you will be commencing your journey of continued learning and should be prepared to undertake continuing education to increase your skills and understanding of more complex client requirements.
Subjects include:
- History, Concepts and Principles of the Pilates Method
- Exercise planning and programming
- Postural analysis and appraisal
- Applied correction of faulty posture and postural dysfunction
- Client management, assessment and instructing techniques
- Workplace Health and Safety and legal requirements within the Pilates Industry
- Methods of communication in dealing with clients and colleagues
- Adult learning and instructional techniques for one-on-one and groups
- Interactions and referrals with other health care professionals
- Systematic approaches to Pilates Studio and Matwork programming
- Work Ethics and professional development
- Pilates repertoire for Mat, Reformer, Cadillac, Wunda Chair, Barrels and Small Apparatus from introductory to intermediate levels

WHAT ARE THE COURSE REQUIREMENTS?

The Diploma is delivered in an integrated structure through a combination of:

Contact (C) includes face-to-face workshops as per the course schedule.

Directed Distance Learning (DST) includes a combination of online delivery and workbooks of course content, to be completed in own time within set timeframes.

Work Experience (WE) 350 nominal hours are required to be logged. These are commonly divided between 150 Observation hours and 200 teaching/assisting hours.

WE hours are practical hours devoted to applying the course content in a studio environment. All students will commence with observation, and are then cleared to commence teaching type work experience on an individual basis. For Diploma students WE can be completed at a Pilates International Studio or an affiliated Studio that has been approved as a Work Experience Facilitation Site (WEFS).

Nominal hours are a guide for completion. Sometimes students may reach competency at 300 hours or may require additional time depending on their progress through the course. Individual completion rates may be considered by PilatesITC management on a case-by-case basis.

Practicum Intensives are offered ten times per annum. Each hour of dedicated Practicum Intensive qualifies for 4 WE hours. Students may choose to participate in the Practicums to achieve logged WE hours, at a minimal additional fee per Practicum.

Self-Directed Learning (SDL) includes set homework tasks, self-guided tutorials, self-study and time spent practising repertoire on the mats and equipment. SDL also includes your self-mastery.

Self-mastery is your own workout. Students are required to maintain a schedule of workouts at a minimum of two per week for the duration of the course, with a minimum of one of these weekly workouts being supervised by a qualified instructor at a Pilates International studio or WEF Site. These workouts are at additional cost.

Students can undertake the course on a Part Time or Full Time basis. Students undertaking the course as Full Time study with an aim to complete the program over 12 months will be required to attend all contact sessions as specified in their enrolment confirmation plus maintain regular work experience and self directed learning hours. Students undertaking the course as Part Time study with an aim to complete the program over 18 months will be required to attend all contact sessions as specified in their course timetable plus maintain regular work experience and self directed learning hours, either weekly, fortnightly, or in regular blocks as agreed with PilatesITC.

**Directed Distance Learning (DST)** includes a combination of online delivery and workbooks of course content, to be completed in own time within set timeframes.

**Work Experience (WE)** 200 nominal hours are required to be logged. These are commonly divided between 50 Observation hours and 150 teaching/assisting hours.

Work Experience hours (WE) are practical hours devoted to applying the course content in a studio environment. For Advanced Diploma students, WE can be completed at your principal place of work, an affiliated Studio, or a Studio that has undergone our Work Experience Facilitation Program.

**Self Directed Learning (SDL)** includes set homework tasks, self-guided tutorials, self-study and time spent practising repertoire on the equipment. SDL also includes your self-mastery.

**Self mastery (SM)** is your own workouts. Students are required to maintain a schedule of workouts at a minimum of two per week for the duration of the course, with a minimum of one of these weekly workouts being supervised by a qualified instructor. These workouts are at additional cost.

Students can undertake the course on a Part Time or Full Time basis. Students undertaking the course as Full Time study with an aim to complete the program over 12-18 months will be required to attend all contact sessions as specified in their enrolment confirmation plus maintain regular work experience and self directed learning hours. Students undertaking the course as Part Time study with an aim to complete the program over 18-24 months will be required to attend all contact sessions as specified in their course timetable plus maintain regular work experience and self directed learning hours, either weekly, fortnightly, or in regular blocks as agreed with PilatesITC.

WHAT DO I DO FROM HERE?

In order to initiate enrolment in the Advanced Diploma of The Pilates Method you will be required to follow the following steps:

1. **Enrolment:** Complete the “Enrolment Form and Student Agreement” to formally enrol into a scheduled program. You will be required to attach a brief resume, supporting documentation as specified in the Enrolment Checklist, sign the Student Enrolment Agreement, select a payment plan for your course from the options outlined in the above table and make the first payment for your course as per the selected payment plan.

2. **Pre-Course Phase** – Following finalisation of enrolment, PilatesITC will issue your ‘Course Outline’ and ‘Student Handbook’. At this stage you will be required to read all documentation and Sign Student Agreement in the Student Handbook. Following receipt of signed Student Agreement PilatesITC will issue you with your course materials.
DO I NEED TO COMPLETE AN ANATOMY & PHYSIOLOGY COURSE?

PilatesITC entry level courses (not Advanced Diploma) require the completion of Anatomy & Physiology basic learning either prior to or concurrently with completing your chosen Pilates course. Pilates training requires a considered understanding of anatomy, physiology and biomechanics, and it is advised that you ensure you’re A&P understanding is at a good basic level.

PilatesITC offers a short online Anatomy & Physiology course that describes the basic knowledge of anatomy and physiology required to recognise body systems and their components, and to identify and refer alterations associated with the functioning of the human body in the context of the Pilates Industry. This is not an accredited program but provides the required level of knowledge for those undertaking the Certificate or Diploma courses.

If you are already qualified as a Physiotherapist, Osteopath, Exercise Physiologist, Nurse, Remedial Massage, Cert IV Fitness, Cert IV Personal Trainer, Chiropractor, or have attained a unit of competency in Anatomy & Physiology, then your have achieved sufficient training to provide for equivalency.

ABOUT THE FACULTY

PilatesITC Faculty hold the highest level Pilates qualifications in the world and are experts in Pilates Method training across conditioning, rehabilitation and elite training methods.

PilatesITC were the first ever Pilates specialist organisation to achieve government registration in May 2004, at the same time as accrediting the first government accredited Pilates courses in the world. PilatesITC faculty are the most comprehensively trained and long term experts in Pilates training in the vocational education system. Our faculty have achieved Advanced Diploma of the Pilates Method and are internationally sought after experts and presenters, having consulted throughout the USA and UK on Pilates education panels, in conferences, and for peak bodies.

It is crucial that Pilates courses are delivered by faculty who specialise in the Pilates Method first and foremost which our faculty members are, as well as having cross-competencies in other fields such as Medical Science, Exercise Physiology, Physiotherapy, Chiropractic/Osteopathy, Massage, Nutrition, Management and other academic qualifications.

As a minimum our faculty are required to have obtained and maintain:

- Advanced Diploma of the Pilates Method (10538NAT), or Diploma of Professional Pilates Instruction (10537NAT), or equivalent
- TAE40110 Certificate IV in Training and Assessment, or above
- Industry Peak Body Membership - Pilates Alliance Australasia, Pilates Method Alliance, or equivalent.
- Senior First Aid certification
- Completion of PilatesITC specialist induction processes
- Annual PilatesITC Faculty training
- Additional qualifications across rehabilitation, allied health, fitness, sports medicine, medical science, dance or similar modalities
WORK EXPERIENCE FACILITATION (WEF) PROGRAM

As outlined on page 4 in this Course Information, the WEFS program provides a real time work experience environment for logging your Work Experience (WE) hours and as a centre for student support and mentoring. Students are either placed in an existing WEF site, or they have the opportunity to nominate a studio or site that suits their needs and have PilatesITC go through the approval process with that site.

For more information on our WEFS network and to find a WEF Site near you visit our WEFS centre at http://www.pilatesitc.edu.au/about/work-experience-facilitation-sites/

The PilatesITC WEFS network provides a multitude of opportunities for students to gain varied and valuable input to their training. We recommend that if at all possible you undertake as many hours as you can at a PilatesITC / PilatesInt Studio – we will always place you in one of our studios to complete your hours.

PRACTICUM INTENSIVES

Practicum Intensives are scheduled monthly from February to November inclusive. These intensive five hour blocks of practical training are facilitated by our senior faculty and provide experiential work placement tasks, feedback and instruction in a simulated work environment. Students are guided and mentored through application of the course content.

Each hour of Practicum Intensive provides for 4 hours of logged WE hours. Students may obtain up to 20 WE hours per Practicum.

STUDENT CLINICS

Student clinics are held each Monday from February to December at PilatesInt Studio in Broadway Sydney. A senior faculty member facilitates each Student Clinic where students have the opportunity to ask questions, gain information and feedback, discuss programming and application, review and refine repertoire, and work together on learning tasks. The clinics are guided and tasks and activities set for the benefit of learning and practice of the course content. These clinics do not provide for WE logged hours but are offered to support students in their learning. Student clinics are free to enrolled students.

CAN I GET RECOGNITION FOR PRIOR LEARNING?

PilatesITC recognises all government recognised qualifications or statements of attainment issued by other registered training organisations, and will recognise prior learning. For more information on recognition of prior learning (RPL) or direct credit (DC) transfer please contact Administration.
